

Farewells

Samson

Adopted 6/97 (at the age of 2) - 12/00

Our Gentle Giant Samson has left us. We will never know a more caring and courageous friend. His mission in life was to give others love and affection. As his death has left an irreplaceable void in our hearts, his memories will fill the emptiness. We miss him more with each passing day. If only we could have one more kiss...one more nudge. Although our time together went too fast, he filled our lives with joy and we are better people to have known him. We love you Sammy.

Bill and Kristi Cole

Buster

Buster crossed over the rainbow bridge on December 28, 2000. I remember going to the feed store to get hay for my other rabbit on March 17, 1990 and you caught our eye. You were just 9 weeks old. You had a great life. You drove cross country with us when we moved from California to Ohio. You loved watching sports with us. You lived like a king. We miss you so much.

Adrian and Doris Mastroguiseppe

Bugs Monett

Bugs was the best thing to happen to me and he really made me believe in things I never believed in before having him. I found him one night 7 or 8 years ago when I came home. He was standing in my driveway. I called everywhere, including the police and when no one claimed him, he was mine. No bunny has ever been so spoiled. I have learned a lot through your organization as well as on the internet and I have found that rabbits are just wonderful friends. I don't want to go on and on about how much I miss him, but I'm sure that everyone who loses a loved one knows what I mean.

Peter Monett

WARNING!

**PLEASE USE
WHITE VINEGAR ONLY
WHEN CLEANING
RABBIT PENS, CAGES,
SUPPLIES, ETC.**

**Any bleach should be
heavily diluted
if it must be used.
